

RZ30G Octane Booster

RZ30G Octane Booster features a new 2-in-1 formula for cleaning and protecting the fuel system with up to 8 RON octane enhancements.

- Boosts octane and cleans the fuel intake system to restore lost performance.
- Enhances the fuel combustion performance and boosts the power and acceleration of the engine.
- Cleans fuel system for fewer emissions.
- Safe to be used in any engine, oxygen sensors and catalytic converters.
- Protects against wear and tear on valve seats and discharge valves.
- Improves fuel system and combustion efficiency.
- Increases fuel economy.

Application:

- Gasoline engine fuel system (only used for gasoline tank)

Usage direction:

Add directly into gasoline tank, one bottle (300ml) treats for 50L gasoline.

Special feature:

- TÜV certified

Our high-performance additives for gasoline and diesel engines ensure noticeable improvements in the properties of the engine in fuel or in engine oil.

Content: 300 ml

Content Carton: 24 cans

Typical characteristics

Property	Method	Unit	Value
Colour		-	Yellow-tan
Odor		-	Characteristic odour
Physical state		-	Fluid
Kinematic viscosity	ISO 3104/3105	g/ml	2
Boiling point and boiling range		°C	140
Flash point	DIN EN ISO 2592	°C	56
Autoflammability		°C	499
Relative density		g/ml	0,815
Water solubility		-	Insoluble

These parameters are typical of current production. The data does not include any assurance of properties or the guarantee of suitability for a special application. Existing statutory provisions and ordinances, which relate to the handling and use of the products, must be observed by the recipient of our products.
